## **DETAILED ACTION**

### ***Examiner's Amendment***

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 1, Line 4 after "to an extended position" add – and to decrease a space between said sill and a landing structure –

Claim 1, Line 5 "a landing structure" has been replaced by – said landing structure –

Claim 1, Line 6 replace "wherein the elevator door is prevented from moving from a closed position unless the sill is" with – a door moving mechanism that prevents the elevator door from moving from a closed position unless the sill is in the extended position and –

Claim 5, Line 4 after "to an extended position" add – and to decrease a space between said sill and a landing structure –

Claim 5, Line 5 "a landing structure" has been replaced by – said landing structure –

Claim 5, Line 13 after "pin" add – and said sill is in the extended position –

Claim 14, Line 4 after “extending a sill from underneath the elevator door to engage a landing structure” add – and to decrease a space between said sill and said landing structure –

Claim 14, Line 6 after “subsequent to the locking” add – and the extending of said sill –

Claim 16, Line 4 after “extending a sill from underneath the elevator door to engage a landing structure” add – and to decrease a space between said sill and said landing structure –

Claim 16, Line 7 after “landing structure” add – and said sill is extended –

### ***Reasons For Allowance***

2. The following is an examiner’s statement of reasons for allowance: The claims are patentable over the prior art of record, because the teachings of the references taken as a whole, do not show or render obvious the combination set forth in claim 1 “a door moving mechanism that prevents the elevator door from moving from a closed position unless the sill is in the extended position and locked to the landing structure,” claim 5 “wherein said door moving mechanism does not switch to said release position until said hook portion securely engages said pin and said sill is in the extended position,” claim 14 “opening the elevator and landing door subsequent the locking and the extending of said sill,” and claim 16 “releasing a door moving mechanism only after the sill is securely locked to the landing structure and said sill is extended.”

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
